

ELGIN OEM CONVEYOR BELTS

More Durable, Stick Resistant and Better Tracking!

Elgin's goal is to make advancements and adopt innovations to provide the best OEM sweeper parts available. Elgin strives to produce OEM parts that will offer better sweeping performance, a greater value and a longer useful life. With this in mind, Elgin has re-designed the Pelican and Eagle OEM conveyor belts with advanced materials to provide these exciting features and benefits!

New heavier belt fabric

- 50% less stretch for better tracking
- 10% to 15% higher tensile strength for greater durability and more puncture resistance

New bottom cover compound

- Reduces sticking to rollers during start-up
- 50% greater abrasion resistance for longer life

These new Elgin conveyor belts are available now!

Pelican #1078909
(P, S, PW models)

Eagle#1078910
(E, F, FW models)
