

# Side Broom Tilt and Tilt with in-cab position indicator

Convenience • ISO9000 Certified • Fast Shipping • Competitively Priced • Original Equipment

## Side Broom Cleaning made easier with Elgin Sweeper's Side Broom Tilt

No Tilt

Full Tilt

Want to improve your sweep performance in heavy, compact debris? In deep gutters or on steeply crowned streets? If so, the Elgin Sweeper Side Broom Tilt enhancement gives the operator the ability to change the side broom angle quickly during sweep mode from in the cab. The side broom tilt allows you to adjust your brooms and sweep from 0 to 20 degrees depending on street and debris conditions, ensuring optimum performance.

DESCRIPTION	SWEEPER MODEL	PART #
